

MISSION TRAINING

ONE-DAY INTENSIVE

SATURDAY, JANUARY 26

9:00am – 3:00pm

Liquid Church | Parsippany, NJ

Cost: \$99/person *(lunch provided)*

Touch the World is a short-term mission organization focused on building spiritual formation, personal development and global competence through mission training and trips.

OUR GOAL

To provide training that would allow teams to have maximum impact in both their own transformation and the local community transformation.

WHY TRAINING?

In-depth mission training helps teams go as humble learners and servants. Without adequate training:

- Teams can unintentionally cause harm
- Little to no long-term change will occur in host communities
- No significant, long-term change will occur in team members

WHAT TOPICS ARE COVERED?

Culture & Worldview

Learn how to interact with those that are different than us with sensitivity and how to understand culture with thoughtful intelligence.

Poverty

Explores the question "What is poverty?" within a Biblical context and how we relate with those from different socio-economic levels than us.

Story & Communication

Understand how to share our story in a way that leads others to the Gospel and how to communicate in a cross-cultural setting with maximum effectiveness.

Helping without Harming

Learn the principles to follow in order to do missions well and wrestle with some common ways that those with good intentions can unintentionally cause harm.

Poverty Challenge

Participate in a simulation where teams make decisions as a family living on \$2/day and are forced to consider difficult situations that are normative for those in economic poverty.
